Mr. Columbus R. Hall,  
Hanksville, Utah.

Dear Sir;

RE: BOWL CREEK DIST.

I have your letter of July 26 with reference to measuring device to be installed at the Pace point of diversion and would say that I understand that Mr. Erickson and Mr. McBride are in touch with reference to this matter.

I am in receipt of an affidavit of June 25, 1927, made by Mr. F. J. Weber of Loa which indicates that two examinations of conditions on Bowl Creek were made which examinations indicated that when Mr. Pace diverted the amount of water to which he is legally entitled there was not sufficient left to reach your place.

Yours very truly,

State Engineer.
